# 12 METHUSELAH (6L) OF CHAMPAGNE LOUIS ROEDERER BRUT PREMIER NV

From the creator of Cristal champagne – only 10 of these "babies" are allocated to NZ every year.

The base blended wine is patiently crafted, and then recrafted, using the strength of the most recent vintage which is carefully softened, honed and tamed in order to preserve its unique character. The reserve wines are aged individually, parcel by parcel, and spend 10 years in French oak barrels in order to give Brut Premier its characteristic consistency. This delicate process involves 200 to 300 different batches: the wines, varietals, crus and vintages are harmoniously and deliciously blended together to ensure that everything changes yet nothing changes at all.

In this large format, this wine will age gracefully for many years...well, if you can wait!
